

# The TR Register Shropshire Group's Spring Tour of The North York Moors National Park

Sunday 2<sup>nd</sup> June to Thursday 6<sup>th</sup> 2024

Our 2024 Shropshire Group Spring Tour will take us to back to Yorkshire.

The North York Moors National Park is one of the finest areas of countryside in the British Isles. Covering 554 square miles (1,436 square km), it stretches from the plunging crags and whaleback moors of the Hambleton and Cleveland Hills to the rocky bays and headlands of the North Sea Coast. In between it embraces the largest expanse of heather moorland in England, countless acres of rolling farmland, some of our most beautiful pastoral dales and miles and miles of excellent roads.

Our hotel, the AA classified 3\* Mallyan Spout Hotel, has an AA Rosette award for its food. It is rated as "Excellent" on TripAdvisor and is located in the village of Goathland, which was the backdrop for the ITV television series *Heartbeat* and its railway station has appeared in the *Harry Potter* films. Goathland is noted for its wide-open greens upon which, over the years, many sheep have happily grazed.

The hotel's name is taken from a 70ft waterfall, located a short walk behind the hotel. The Spout is spectacular.

From the exterior, the hotel is a charming country house, dating back to 1892 and the building is Grade II listed. Some of the rooms offer long distance views across the Esk Valley.

For more information see: <https://mallyanspout.co.uk>

The hotel's details are:

The Mallyan Spout Hotel  
Goathland, Whitby,  
North Yorkshire,
